

# TeamUp5G Newsletter

## June 2020

### PROGRESS MEETING 2 (PM2)

TeamUp5G coordinated their second progress meeting (PM2) at Universidad Carlos III de Madrid (Puerta de Toledo Campus), Madrid, Spain. The project coordinators made an overview of the first year of the project and the foremost activities to be carried out during the second year were discussed. The work packages (WP) leaders addressed the WP objectives and the foreseen deliverables status.

MADRID, FEBRUARY 12, 2020

### MID-TERM CHECK (MTC)

TeamUp 5G consortium organized a Mid-Term Check (MTC) meeting with the REA Project Officer at Universidad Carlos III de Madrid (Puerta de Toledo Campus). The project officer made a presentation addressing aspects such as the purpose of the meeting, the obligations of the beneficiaries and fellows to the network. Early-stage researchers (ESRs) briefly presented the objectives of their individual research projects as well as an overview of the PCDPs. Finally, the project officer met with both fellows and beneficiaries seeking to address any concerns that may arise.

MADRID, FEBRUARY 13, 2020

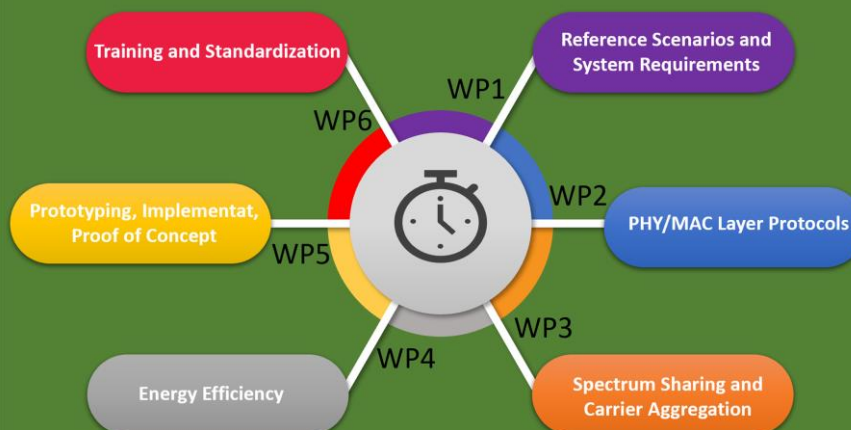

## PROGRESS MEETING 3 (PM3)

Due to COVID-19 outbreak, the third progress meeting (PM3), organized by Universidad Carlos III de Madrid, was held online. The project coordinators discussed the work packages and deliverables status that need to be delivered according to the schedule. The discussion has included the training activities and the foreseen secondment of each ESR. Finally, the project timeline has been presented, highlighting the next key points and required steps by all project parties.

TELECONFERENCE, JUNE 2, 2020

## TEAMUP5G WORK-PACKAGES OVERVIEW

TeamUp5G project has received funding from the European Union's Horizon 2020 research and innovation programme under the Marie Skłodowska-Curie project number 813391.

## New Onboard ESRs

**ESR 3:** Interference management for visible light communications in radio-frequency hostile environments

**Ahmed Gaafar Ahmed Al-Sakkaf**

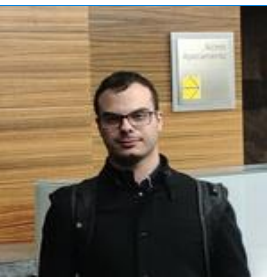

PhD Enrollment: Universidad Carlos III de Madrid

**ESR 6:** Opportunistic Gathering of Sensing Data: 5G Extension through a Hybrid Network of UAVs

**Pedro Luiz Magalhães Cumino**

PhD Enrollment: The University of Aveiro

**ESR 10:** Coexistence of Small Cells and Low Power Wide Area Networks for Supporting IoT Connectivity

**Ilias Nektarios Seitanidis**

PhD Enrollment: International Hellenic University

**ESR 13:** Design of Privacy Preservation Mechanisms and Secure Authentication in small cell networks

**Hamed Farkhari**

PhD Enrollment: ISCTE University

**ESR 14:** Development and production of Drone-Mobile Small cell Station's prototypes

**Joseanne Viana**

PhD Enrollment: ISCTE University

## UPCOMING EVENTS

### Doctoral Conference on New RAN TEchniques for 5G Ultra-dense Mobile networks – co-located with the 12<sup>th</sup> International Symposium on Communication Systems, Networks and Digital Signal Processing – CSNDSP 2020

[ONLINE, JULY 20-22, 2020](#)

## UPCOMING EVENTS

### 1st Workshop on Marie Skłodowska-Curie Innovative Training Networks, organized in the context of the 12<sup>th</sup> International Symposium on Communication Systems, Networks and Digital Signal Processing – CSNDSP 2020

[ONLINE, JULY 20-22, 2020](#)

## UPCOMING EVENTS

### The 23rd International Symposium on Wireless Personal Multimedia Communications - WPMC 2020

ONLINE, OCTOBER 18-21, 2020

## ONLINE COURSES

Online talks have been proposed to increase the interaction and to reinforce training activities to compensate the isolation due to COVID-19

- Online course on "**MAC and Routing layer Protocols for Industrial IoT**", 2020-01-31, organized by the International Hellenic University (IHU).
- Online course on "**Training on Optimization**", 2020-06-23, organized by IHU with University Carlos III de Madrid (UC3M) collaboration.
- Online course on "**R&D activities in Industry**", 2020-09-30 organized by IHU with Aarhus University (AU) collaboration.
