

The volunteering program of Telefónica

I'm Volunteer

Ana Santos Rodríguez

What does it mean to me to be volunteer?

It is to have the opportunity to **share time with people in vulnerability condition.**

It is learning through to the **exchange of lively experiences and emotions.**

It is the way to know and **share experiences with other company colleagues who share your same values.**

Volunteering is a way of life.

In **Telefónica** we want to make our world more human by connecting people's lives

Kindness
Honesty
Commitment
Transparency
Innovation
Collaboration

Volunteering Program

In numbers

12	51K	593K
Countries	Participants	Beneficiaries

What does the program offer?

Employee Proposals

- Social media in a nursing home
- Programming days with Down
- Plant trees with Refugees
- Skiing with autistic children
- Visit Museum with child social exclusion
- Cooking with Down in a nursing home

Digital Volunteer

- **Online Volunteer:** help to associations with the design and implementation of his web, RRSS, ...
- **Digital Inclusion:** Break the digital divide of different groups to facilitate their development in the new digital age. We do activities such as: literacy workshops

Solidarity Holiday

- **National:** one week in technology camps or Santiago's walk with kids on social exclusion or different skills.
- **International:** two week in Proniño program. Closer the digitalization to areas within possibilities like Latino American, Africa or Asian to encourage its development.

What does the program offer?

Christmas Activities

- Child social exclusion gift
- Solidary Dinner
- Innocent Innocent gala calls

Other Activities

- Write the biography in a nursing home
- Think Big or Open future: program of mentoring
- Collection of donated computers

One of the proposals of the employees that I have enjoyed the most is...

Programing workshops

Example of how technology helps integration and environmental awareness

- Sharing days with boys with down syndrome

We teach them our technological knowledge and they teach us that there are no barriers to learning

You can learn more about us in...
